GoStance®

Balanced energy for performance

GoStance® is a complete feed that provides all the nutrients your working horse requires for health, vitality and peak performance. .

GoStance® contains multiple energy sources from oil, fibre and controlled levels of starch to power both stamina *and* explosive exercise.

Designed to also cater for horses living in hot climates, grazing high oxalate pastures (eg. Buffel grass, Kikuyu, Setaria grass), GoStance® contains extra electrolytes and calcium, to meet their nutrient needs and assist in avoiding diseases including the puffs/anhidrosis and big head.

GoStance® - the complete solution

GoStance® is created from a blend of ingredients such as CoolStance® premium copra meal, wholesome Australian wheat pollard & wheat bran, and VitaStance® vitamin & mineral mix.

This means GoStance® contains carefully balanced levels of oil, fibre, slow-release starch, protein, and bioavailable vitamins and minerals.

GoStance® is tasty enough to tempt even the fussiest of eaters and is bursting with natural goodness.

Feeding Directions

Introduce GoStance® gradually over 10-14 days. Feed GoStance® in conjunction with adequate, good quality hay and/or pasture (minimum of 1% bodyweight/day).

Provide horses with free access to a salt lick and fresh water.

Feeding Guide

Activity	GoStance® (kg/day)		
	300kg horse	400kg horse	500kg horse
Spelling	0.5 - 1.0	0.5 - 1.0	0.5 - 1.5
Light work	0.5 - 1.0	1.0 - 1.5	1.0 - 2.0
Moderate work	1.0 - 2.0	1.5 - 2.5	2.0 - 3.0
Heavy work	2.0 - 3.0	2.5 - 3.5	3.0 - 4.0
Pregnant mare	0.5 - 1.5	1.0 - 2.0	1.5 - 2.5
Lactating mare	1.5 - 3.0	2.0 - 4.0	3.0 - 5.0

Activity	Expected Mature Weight		
	300kg horse	400kg horse	500kg horse
Weanling	1.0 - 2.0	1.5 - 2.5	2.0 - 3.0
Yearling	1.75 - 2.25	2.0 - 3.0	2.5 - 3.5

These feeding rates should be used as a guide only. The amount an individual horse requires will depend on the quality and quantity of available hay or pasture, the horse's body condition and workload or required rate of growth.
